

Safer Internet Day 2021

An internet we trust

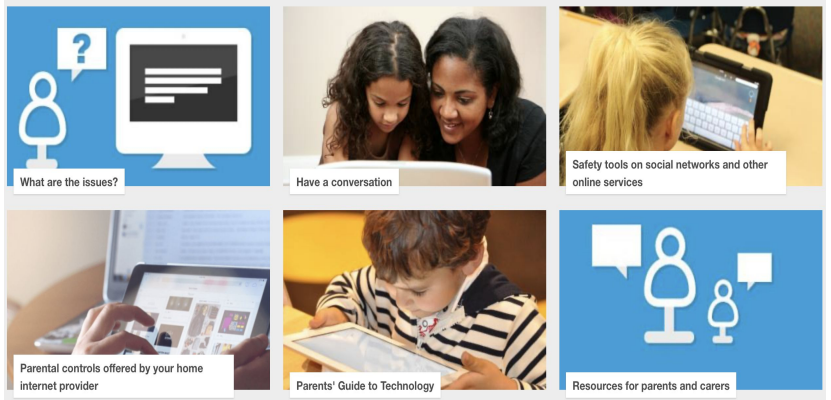

Today we celebrate the 18th edition of Safer Internet Day. Each year, Safer Internet Day aims to raise awareness of emerging online issues and current concerns. This year's theme is "An internet we trust: exploring reliability in the online world." The internet is an amazing resource which we all use regularly however, it is always changing and it can be difficult to keep up to date with how children use technology. Although our children's technical skills are very good, they still need advice and protection on how to manage their online presence. To help you with this, please find attached a bank of resources which may support you in keeping your child safe online.

National Online Safety also provide a range of resources to support you in understanding how to keep your child safe online.

The range of *online safety guides* provide information about each app and also top tips for parents of children who are using these apps.

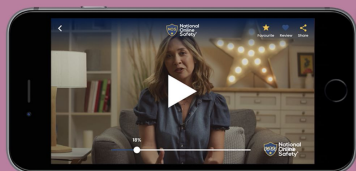

We know that our children are currently using a range of social media apps to maintain contact with their friends and family. Most social media apps are intended for people aged 13 +. This includes the popular apps Tiktok, Instagram, Facebook and Snapchat. Guides for each of these platforms are available by clicking on the link.

National Online Safety - Parents Courses

Parent course for ages 4-7.

Parent course for ages 7-11.

FREE online safety course for parents & carers - presented by Myleene Klass

Engaging parents and carers in online safety has never been more important. Understanding the different risks that children might experience at different ages means that parents have to stay up to date in order to feel confident, supportive and empowered to help keep their children safe online.

This course is made up of four mini-courses, starting at age 4 and concluding at 18, each of these brief courses will focus on how children in a particular age group will use, engage with, and potentially be put at risk by their online activity.

Select the relevant age group below:

AGES 4-7

AGES 7-11

AGES 11-14

AGES 14-18
