

Mission and vision statements help you, as parents and carers, understand our school's purpose and goals. The **mission statement** embodies what we do every day. The **vision statement** outlines our long-term aspirations and the future we hope to create for its students. Together, they guide decision-making, shape school culture, and help families know what the school stands for.

## Our Mission

At St Aloysius, our mission statement **"Live life to the full" (John 10:10)** expresses who we are as a Catholic school and what we strive for every day. It guides our whole community by reminding us that Jesus calls each of us to **grow, flourish, and share** our gifts with others.

Rooted in Gospel values such as love, respect, kindness, and service, our mission shapes every part of school life, from how we learn to how we treat one another. It ensures that all decisions and opportunities support the spiritual, academic, and personal development of every child, helping St Aloysius remain a joyful, caring, and faith-filled community where everyone can truly live life to the full.

At St Aloysius, living out our mission statement means:

- **Living with kindness**
- **Using our gifts and talents.**
- **Growing in friendship with God**
- **Caring for others**
- **Enjoying the world God gave us**

At St Aloysius, we know that to "live life to the full" doesn't mean having lots of things. It means letting God's love fill our hearts so we can share joy, hope, and goodness with everyone around us.

## Our Vision

*Striving for excellence,  
inspired by Gospel values.*

At St Aloysius, our vision, **"Striving for excellence inspired by Gospel values"**, reflects our deep commitment to nurturing each child in the light of Christ.

We aim to help every student grow in **wisdom, faith, and love**, encouraging them to use their God-given gifts to the fullest.

Guided by the teachings of Jesus, we promote **kindness, compassion, forgiveness, and a spirit of service.**

We bring this to life through daily prayer and worship, a rich Religious Education curriculum, opportunities for students to take part in acts of charity, and a caring school environment where every child is known and valued. Through strong teaching, high expectations, and a faith-filled community, we support children in their learning, strengthen them in their faith, and inspire them to live out the Gospel in their daily lives.
